

TEAM BUILDING PROGRAMS

PUT YOUR Chef Hat ON!

This highly competitive food adventure will challenge teams to create the ultimate culinary masterpiece. A great kick-off to a conference, a pre-dinner event, or anywhere you want to add some fun to your agenda. Breakfast and dessert options are also available.

PLAY IT Forward

This philanthropic adventure combines digital photography & GPS technology with interactive team initiatives to raise funds for an entrepreneur in a developing country. Teams will be energized by competition while working towards a common goal.

Survive- OR-Thrive

Through demanding tribe challenges, this program will identify key elements that separate teams who simply survive from those who consistently thrive. Add to this an element of Corporate Social Responsibility and you have the makings of a truly meaningful team experience.

Step Up

Sometimes the best indicator of an organization's success lies beyond the bottom line. Through a series of competitive challenges, teams will ultimately earn and assemble elements of a prosthetic leg destined for one of our global neighbours in Kenya.

THE Rescuers

This search-and-rescue simulation challenges your team to find, treat, and evacuate a team of missing scientists while recovering their valuable data. To succeed, the team must find the winning balance between planning and execution while integrating various areas of expertise.

CONQUERING Everest

At 8850m Everest is the tallest mountain on earth and one of the most sought after mountaineering goals. Your team will have a chance to embark on a simulated ascent of this extraordinary mountain as participants make critical decisions that will lead them to the top.

LIGHTS, CAMERA, Action!

This "filmmaking" adventure will have your group identifying the skills needed for team success. They will be challenged to communicate this through a feature film made up of digital photographs, narration, and special effects. Films will compete in the unique Summit Film Festival.

THE Art of Team

Get that creative edge as your team produces a series of artistic masterpieces in which each group member contributes their unique ideas, concepts and brushstrokes. This engaging art experience concludes with a stroll through the interactive Art Gallery.

PUTT-ING People FIRST

Engage your team's competitive edge and their social responsibility with the Putt-ing People First Challenge. Each team, using unusual building materials including non-perishable food items, will compete to build the most creative mini-putt hole while donating all of the food to a local charity. Now that's putt-ing people first!

DESERT Survival

It is 10 am on a mid-August day and your plane has just crash-landed in the middle of the desert. You and your fellow passengers are alright, however, getting out of this situation in one piece is going to require some quick thinking and even more importantly- you must all work together to come up with a solution. There's one thing for certain, no one will make it alone.

BUILDING Bridges

Tap into the power of healthy communication by examining the necessary elements that make it happen. These insights are brought to life when geographically separated teams must construct components of a freestanding bridge that, once connected, must support a heavy load.

REACHING NEW Heights

This high ropes experience will literally take your team to new heights of trust, mutual support, leadership and collaboration. No experience is necessary and there is a role for everyone regardless of fitness level. Unforgettable and life-changing.
