NUTRI-VIVE SUPER JUICES

ACEROLA CHERRY, HONEY-CITRUS

Rich in vitamin C sourced from acerola cherries & citrus, this anti-oxidant rich blend protects your cells from free radicals, supports collagen production and strengthens the immune system. Additionally, the antibacterial properties of honey contribute to overall vitality.

BLUEBERRY, HONEY & LIME

Indulge in the antioxidant-rich goodness of blueberries, paired with the anti-inflammatory, antibacterial properties of honey and the immune-boosting benefits of lime. This revitalizing combination not only provides a burst of antioxidants, but also supports digestion, reduces inflammation & strengthens the immune system.

WATERMELON & CELERY INFUSION

Packed with hydrating properties, watermelon provides essential nutrients like lycopene, citrulline, vitamins A and C. Celery is rich in phytonutrients, potassium, beta carotene, and flavonoids. Additionally, celery contains luteolin, a compound that may help reduce inflammation in brain cells, promoting cognitive health and potentially preventing age-related neurodegenerative diseases.

BLUEBERRY, HONEY & LIME

Indulge in the antioxidant-rich goodness of blueberries, paired with the anti-inflammatory, antibacterial properties of honey and the immune-boosting benefits of lime. This revitalizing combination not only provides a burst of antioxidants, but also supports digestion, reduces inflammation & strengthens the immune system.

ROSEMARY & KINGBRIDGE HONEY TEA

Rosemary is packed with anti-inflammatory polyphenols which aid in digestion, memory and overall well-being; while Kingbridge honey has antibacterial properties. Together, they are rich in antioxidants and can help strengthen the immune system and provide cognitive enhancement while at the same time offer a calming effect.

REVIVE MOCKTAILS

VERY DARK & STORMY

Ginger Beer, Pineapple, Lemon & Activated Charcoal

Ginger, renowned for its potent anti-inflammatory properties, synergizes with pineapple, rich in bromelain and immune-boosting vitamin C, to promote digestive health and bolster the immune system. Additionally, activated charcoal may act as a powerful absorbent, facilitating the removal of toxins and supporting optimal digestive function.

CUCUMBER GINGER AGUA FRESCA

The rejuvenating essence of cucumbers, with its high water content, promotes optimal hydration and aids in detoxification. Ginger, renowned for its anti-inflammatory properties and digestive benefits, supports gastrointestinal health, and reduces inflammation in the body, promoting digestive wellness.
